Attorney's Docket No.: 09765-021001

COPY OF PAPERS  
ORIGINALLY FILED

Please replace the table beginning after line 17 on page 24, with the following table:

-- TABLE 14

Node Field	Description
type	Either AND, OR or TERMINAL.
children	A list of child-nodes, if node is AND or OR.
terminal-object	A terminal-object such as a fare or itinerary, if the node is TERMINAL.
active?	True or false, depending on whether the node is active.
inner-value	The node's minimum possible inner-value.
outer-value	The node's minimum possible outer-value.
total-value	The node's minimum possible total-value.
best-child	For OR-nodes, the child with the least-positive inner-value.
